California
Guided Pathways

Instructions: Prior to the CAGP Pathways Institute #2, each college is asked to use the template below to list the number of students who earned a credential from your college during the 2016-17 academic year by program major and the type of credential. Indicate the average number of college-level (i.e., non-remedial) credits earned by students who earned associate degrees in each program major (along with the standard deviation). For questions about how to fill out this report, please contact **Hana Lahr of CCRC at lahr@tc.columbia.edu.**

Graduates by Program and Credential Type: Academic Year 2016-2017

Major Program Code	Program Name	Number of Certificates < 1 yr	Number of Certificates ≥ 1 yr	Number of Associate Degrees	Median College-Level Credits for AA/AS	Standard Deviation College-Level Credits for AA/AS
