

Joint Academic Senate and College Council Charge Statement	
Background	<p>The State of California's \$150 million one-time investment in the Guided Pathways framework has provided an opportunity for colleges to launch Guided Pathways as a framework for college transformation. As part of this investment, each college will receive support to begin an intensive five-year planning and implementation process to rethink and redesign their institutions to be more student-centered. To begin this cultural and institutional transformation to make our colleges student-ready, each college was invited to complete and submit the California Community College Guided Pathways Self-Assessment Tool (Self-Assessment). The California Community Colleges Guided Pathways Action Plan, Timeline, and Allocation Summary (Work Plan) outline how the college will advance its work for each of the 14 key elements of the Self-Assessment. Completion of these documents will be needed to access available funding. (http://cccgp.cccco.edu/Portals/0/GPWorkPlanInstructions.pdf)</p>
Committee	Student Success Committee
Charge	<p>Provide leadership to the College as we undertake the requisite pathways self-assessment, making implementation recommendations to the Senate and College Council. In so doing, address the following:</p> <ul style="list-style-type: none"> • Structure - Identify appropriate WCC pathway taskforce members as resources to the Student Success Committee; • Strategy - Develop and recommend to the Senate and College Council a work plan for approval and submission to the CCCC0; • Culture – Make recommendations to the Senate and College Council – Make implementation recommendations to the Senate and College Council within the context of existing WCC governance and Educational Master Planning framework; • Communication – Develop and implement a WCC pathways webpage for internal and external consumption.
Report	To College Council and Academic Senate on or before February 28, 2018.
