

Appendix 1

Goal Achievement 2005-2010

The WCC EMP extends recommendations in the 2005 Educational Master Plan developed at the District level when WCC was officially a center of the Yuba Community College District. The 2005 Plan allowed WCC to build new facilities, upgrade equipment, develop new curriculum, and hire additional staff. A review of the implementation of these recommendations were reviewed and evaluated during they also provided opportunities provide opportunities to evaluate and assess our operations for continuous improvement.

Below are selected milestones of accomplishments from the 2005 Educational Master Plan:

Recommendation	Status
Set up smart classrooms to facilitate instruction	Completed
Explore the feasibility of offering online courses	Completed
A full-time ECE faculty member is needed to take responsibility for the Woodland program.	Completed
A learning resource committee should be formed to plan future library acquisitions	Ongoing??
Provide space for a fully equipped Nursing Skills Lab	Completed
Develop a faculty staffing plan that addresses the long-term need for both new and replacement faculty	Ongoing
Review and revise facility plan by referring to the facilities recommendations	Ongoing
Survey communities to ascertain if some curricular needs are not being addressed	To be continued in 2011 WCC EMP
