4	I would like to access my class information through my mobile device easier	Sep 24, 2014 11:51 PM
5	Some webpages are incredibly old. I tried to contact the Dean of Social Sciences by calling a phone number listed on the Social Science webpage. Upon requesting a meeting with the Dean, I was responded to by the Child Development Center. Yuba College listed the wrong number.	Sep 23, 2014 4:59 PM
6	melancholy	Sep 23, 2014 3:55 PM
7	The lay out is really round about, and there seems to be no clear path anywhere. theres a lot of information, but not easily found	Sep 23, 2014 7:31 AM
8	It's not modern looking, site navigation is suboptimal.	Sep 22, 2014 10:29 PM
9	Sometimes it can be frustrating when looking for information and not being able to find it.	Sep 22, 2014 6:42 PM
10	Some of the links are located not on the main page. It lacks profession look. If you have been to this college and had a certain teacher who helped you would know how to access programs. Too many programs: portal,webadvisor, canvas,student email etc. Portal has link to canvas, webadvisor,student email etc. No one ever uses it. Except a certain teacher. So fine tuning what programs best to use and link them all in one place with a how to video.	Sep 22, 2014 5:59 PM

5	Finding the phone numbers of certain departments and people that work at the college is challenging. I work at the Welcome Desk and I have people call all the time trying to find a number or updated information. You really have to search around and go through different pages to find the numbers. There are also some pages such as The Radio Technology page where there is information from 2012 or 2013. Sometimes there aren't numbers listed in the department pages.	Oct 1, 2014 12:38 PM
6	Confusing, frankly. I am very technologically literate, I'm a 19 year old woman. But the current yccd webpage renders me sort of perplexed. Also, the webpage looks tacky, If I were to never hear about this website or college and go on the website to learn more, I would get off immediately thinking it would harbor some sort of virus/bug. 21	It's too complicated.	Sep 24, 2014 11:55 AM
22	it looks so basic and uninspiring. It looks straight out of the 90s. It looks cluttered and not very professional.	Sep 24, 2014 9:47 AM

24	front site is too cluttered	Sep 23, 2014 8:16 PM
25	I hate campus portal, its design is awful, it need a more intuitive flow.	Sep 23, 2014 7:08 PM
26	Its not very easy to find some resources	Sep 23, 2014 6:28 PM
27	I try not to visit it because it is without a doubt a challenge. Never works, I have only been able to access PPT for class once. The pages are not fully loaded, it is not user friendly (I thought it was just me but I've asked for help to people on campus and they are just as confused). Clicking on the icon for Classes does not collapse to show me the classes. I've got to minimize the page in order to see the little apple icon and try to click.....the list goes on and on, just thinking about it is frustrating. It is honestly harder to use the website than to do well in class. I really wish the prof would just email us the slides to avoid the website. I am not a happy camper when I know I have to use the webpage. Hope it improves.	Sep 23, 2014 6:02 PM
28	No real wow factor. Wish you had a way to personalize it to the student's lifestyle in school. Have gotten lost several times and it does bug.	Sep 23, 2014 5:35 PM
29	Some information is outdated or outright erroneous. In the "Programs of Study" drop-down box, some courses of study list classes in a manner different from the schedule of classes and catalog. Phone numbers listed for some faculty and programs are either out of service or calls completely different people or institutions.	Sep 23, 2014 4:59 PM
30	What I dislike most about the WCC website is that it is not easy to use and there is no visually appealing 'Student Life' section with upcoming information and events happening on campus.	Sep 23, 2014 3:55 PM
31	We can't see our grades throughout the semester.	Sep 23, 2014 3:53 PM

33	How it looks	Sep 23, 2014 10:00 AM
34	Nothing really.	Sep 23, 2014 8:33 AM
35	Theres a lot of round about on the websites the college uses. On its main one, you have to search forever to find the canvas, and often times its easier just to google it. to get classes online, you go through two differnt websites before youu can even do that.	Sep 23, 2014 7:31 AM
36	Canvas and the schedule for homework.	Sep 23, 2014 5:45 AM

**Page 2, Q10. What do you like least about the website?**

37	It looks like a early 2000s page not a 2014 page. Site navigation is cumbersome. Also links to things that actually interest me are buried.	Sep 22, 2014 10:29 PM
38	That there is multiple locations to find the same information when there should be just one spot that everyone uses to find information.	Sep 22, 2014 9:15 PM
39	The old design needs to be updated. A mobile specific site would be greatly appreciated.	Sep 22, 2014 9:03 PM
40	The website is working just fine for me	Sep 22, 2014 8:40 PM
41	How many different locations to get information. Being able to go directly to the information that you are looking for and if you still are unable to find it to be able to search the website and find that specific information that you are searching.	Sep 22, 2014 6:42 PM

2	I would like to know where can students have access to the ASWCC minutes from their meetings?	Oct 9, 2014 10:04 PM
3	Not sure about a single feature. If it was more like Sierra College's site that would be a step in the right direction.	Oct 9, 2014 6:13 PM
4	More clubs and student organization activity	Oct 8, 2014 3:08 PM
5	less links, when i click the e-learning or what ever button is on the site, it should bring me to a log in for canvas not to a page to click to log into canvas	Oct 2, 2014 4:10 PM
6	Easier access to webpages and numbers listed in the webpages. More updated information	Oct 1, 2014 12:38 PM
7	I am confused if this survey is referring to mycampusportal or the legitimate Yuba College webpage. But as far as the Yuba College webpage goes; Shouldn't the "Parking" tab be under "admissions" instead of "Campus Life"? Also, update the look of the webpage, more cohesive colors. 17	I'd like to see current photos of students studying, events going on in school, maybe encouragement videos, or videos with information. positive encouragements on front page. The calendar section can be unnoticed sometimes maybe an actual calendar with days marked would draw the eye towards it. An overall improvement of the website would be nice, but dont make it cheese looking with a bunch of different colors keep it clean and sophisticated.	Sep 25, 2014 9:29 AM

26	If it mentioned more information on transfer programs and helpful tips and tools we can use to know what classes we should take, so it will count as both a major and Ed class in our ed plan. Theres a website for this, chico helped me through it, but I forgot what its called.	Sep 23, 2014 5:40 PM

1	Several times a week but less than daily.	Sep 24, 2014 4:52 PM
2	Are you referring to the Yuba College website, or the YCCD website? Several times a week for the former, a couple times a month for the latter. Sometimes a lot more, sometimes less.	Sep 24, 2014 12:06 PM

**Page 4, Q4. When using the website, how do you feel?**

1	For my daily work, I am familiar with the paths to find my stuff but for other tasks, I sometimes could not find things I need.	Sep 29, 2014 4:34 PM
2	It depends on the content that I am looking for.	Sep 25, 2014 1:45 PM
3	I know what I need	Sep 24, 2014 9:23 PM
4	Bored	Sep 24, 2014 4:52 PM
5	I often can't find things. Or when I do, I can't remember how I found them.	Sep 24, 2014 12:06 PM
6	The organization of the web page is not very intuitive.	Sep 24, 2014 11:55 AM
7	Seems very outdated	Sep 24, 2014 9:56 AM
8	Unable to move around and find what I need.	Sep 23, 2014 5:38 PM
9	Of course I am not always confused, but there some things that are quite redundant, and other things that I can never seem to find	Sep 23, 2014 4:42 PM
10	Could have been some other options here.	Sep 23, 2014 4:38 PM
11	Items are not always found in the most intuitive location.	Sep 23, 2014 4:34 PM
12	When searching for forms and information for Business office forms is it somewhat frustrating to find.	Sep 23, 2014 4:33 PM
13	It depends on what I am looking for.	Sep 23, 2014 2:45 PM
14	I feel like everything is hidden or buried under many clicks of the mouse.	Sep 23, 2014 2:27 PM
15	the website is NOT intuitive	Sep 23, 2014 1:13 PM
16	Not all CLC department information has been updated	Sep 23, 2014 11:33 AM
17	I know where everything is. I think I would be frustrated as a first time user.	Sep 23, 2014 10:43 AM
18	Hard to find specific forms - some in departments instead of universal District forms area	Sep 23, 2014 9:47 AM
19	the 'search' feature seems useless	Sep 23, 2014 9:18 AM
20	I know where to look for things but my students tell me they are frustrated as they try to find information	Sep 22, 2014 7:04 PM
21	sometimes hard to find information; search tool not very helpful	Sep 22, 2014 6:26 PM
22	Inconsistent level of detail, outdated and blank pages	Sep 22, 2014 6:15 PM
23	It's poorly organized; counter-intuitive; hard to navigate.	Sep 22, 2014 5:49 PM
24	Only because I know exactly where to look for items.	Sep 18, 2014 6:07 PM

**Page 4, Q8. What do you like least about the website?**

1	Format, colors, lack of pictures, lack of user friendliness	Oct 1, 2014 4:20 PM
2	The path map to find the stuff I need is missing. Also, the portal can be better organized for us to find our stuff.	Sep 29, 2014 4:34 PM
3	It is not clear. You have to search for things that should be on the main page	Sep 29, 2014 4:02 PM
4	It contains a lot of junk that doesn't pertain to teaching. Also, there are links that don't work anymore and should be removed.	Sep 25, 2014 1:45 PM
5	Too many graphics. Text only is faster.	Sep 24, 2014 9:23 PM
6	Information is not well organized, nor easy to find. Not attractive design. The portal especially is cumbersome to navigate. Older posts get lost. If you open documents or links from the portal, sometimes it makes you log in again, and other times, you think you are closing the document you opened but you end up closing the portal so you'd need to log in again.	Sep 24, 2014 5:37 PM
7	A bit of a yawn as far as design goes.	Sep 24, 2014 4:52 PM
8	The portal	Sep 24, 2014 4:11 PM
9	If I don't already know where to find what I'm looking for, I have to try a lot of different possibilities. This is not as true now, since I look up the same things most of the time. But I still get lost. This is true for both Yuba and YCCD sites.	Sep 24, 2014 12:06 PM
10	The organization.	Sep 24, 2014 11:55 AM
11	portal and request for maintenance doesn't work;	Sep 24, 2014 11:53 AM
12	difficult to use hard to find information incomplete	Sep 24, 2014 11:02 AM
13	Individual departments don't always update their pages and then new students get confused.	Sep 24, 2014 9:56 AM
14	Submission of Flex report. Too many steps or requirements.	Sep 24, 2014 9:29 AM
15	The way the drop-down menus appear so quickly and then send you off in a different direction.	Sep 24, 2014 8:38 AM
16	It is boring in appearance ...not bold or vibrant	Sep 24, 2014 8:33 AM
17	Difficult to find what I need. Layout.	Sep 23, 2014 5:38 PM
18	locating information should be easier and more departments should have current/up to date information on the website	Sep 23, 2014 4:59 PM
19	It is not clearly organized. Things should be clearly categorized, and one shouldn't find the same link multiple times. It should be easier to find things contact information for departments on campus (every office/department/service should have a way to be contacted, and these should be clearly listed in alphabetical order).	Sep 23, 2014 4:42 PM
20	It looks too "busy."	Sep 23, 2014 4:38 PM

**Page 4, Q8. What do you like least about the website?**

21	Inconsistency between Yuba, Woodland and Clear Lake's individual sites.	Sep 23, 2014 4:34 PM
22	Not easy to navigate. Department information seem to be all over the place of not at all.	Sep 23, 2014 4:33 PM
23	Inability of part time faculty to enter info (Internships)	Sep 23, 2014 3:12 PM
24	The "Program Pages" are pretty generic and simple, not very eye catching, the same goes for the calendar page.	Sep 23, 2014 2:45 PM
25	I feel like there are lots of unnecessary layers that are outdated. Like the Student Success Center page hasn't been updated in a year. There's a section about diversity under "About Yuba College" and it's said "more to come" for more than a year. It usually takes me 3 tries before I find something useful.	Sep 23, 2014 2:27 PM
26	Too much information on home page where you don't know what to look at first.	Sep 23, 2014 2:22 PM
27	There is a lot of outdated info on the site.	Sep 23, 2014 1:40 PM
28	Not being able to find things	Sep 23, 2014 1:13 PM
29	Missing information. Campus Portal is confusing and frustrating.	Sep 23, 2014 11:33 AM
30	sometimes when you are looking for information, the website is very limited to what the information should be. When you look for forms sometimes you don't find what you are looking for. Also the applications for registration for A&R aren't that student friendly as they should be. We help a lot of student in the student services area and we see the struggles students had to go through.	Sep 23, 2014 11:24 AM
31	I don't like how it is stationary and doesn't advertise new events well. I like Sierra College's website. The first page is always changing and seems to be more up to date.	Sep 23, 2014 10:43 AM
32	The FLEX application section seems difficult to navigate and could be streamlined.	Sep 23, 2014 9:51 AM
33	For the public, I feel there are not enough pictures to emphasize the wonderful attributes and give clues at a glance to find what someone from the outside may be looking for.	Sep 23, 2014 9:47 AM
34	Calendar part for events	Sep 23, 2014 9:25 AM
35	The organization. It doesn't seem to be intuitive, the way most sites are.	Sep 23, 2014 9:18 AM
36	Sorry - virtually nothing.	Sep 23, 2014 9:08 AM
37	There are no direct links, broken links, missing information, and/or outdated information	Sep 23, 2014 9:03 AM
38	busy and the drop downs are so fast	Sep 23, 2014 8:43 AM
39	Information not kept up-to-date. Poor search functionality. Information not well organized/categorized.	Sep 23, 2014 8:01 AM

**Page 4, Q8. What do you like least about the website?**

40	Too busy! Too much going on at once.	Sep 23, 2014 3:45 AM
41	Things aren't put in logical places.	Sep 22, 2014 11:23 PM
42	I least like the library page and that it is hard to find the IT and grounds/custodial request form.	Sep 22, 2014 10:33 PM
43	The clutter of the portal and not having access to all faculty tools through Web advisor	Sep 22, 2014 7:19 PM
44	Too text heavy / not enough images (especially of students but of staff/faculty as well) / not organized in a user-friendly way	Sep 22, 2014 7:04 PM
45	Having to use both the website and the portal	Sep 22, 2014 6:57 PM
46	Inconsistency, dead ends and outdated info. Also not very visually appealing.	Sep 22, 2014 6:15 PM
47	Organization! I end up having to use the search feature for just about everything and the search isn't all that great, either. There are buttons everywhere, multiple menu bars, and the drop down lists pop up without clicking so if your mouse happens to hover over one it may block what you're trying to read. It's also designed for use with IE, which is a terrible browser that I refuse to use. It doesn't have to eliminate IE, but it would be nice if it were easily used with Firefox, or Chrome.	Sep 22, 2014 5:49 PM
48	Not kept up, info presented inconsistent	Sep 22, 2014 5:42 PM
49	The calendar.	Sep 18, 2014 6:07 PM
50	Hard to use, not enough pictures or focus on students	Sep 18, 2014 5:48 PM

**Page 4, Q9. What is the single most important feature or improvement you would like to see in the website?**

1	Make it user friendly and geared to the community-not instructor oriented.	Oct 1, 2014 4:20 PM
2	(see the above.)	Sep 29, 2014 4:34 PM
3	Easier to find simple information	Sep 29, 2014 4:02 PM
4	User-friendly in terms of being able to find any information.	Sep 25, 2014 1:45 PM
5	A useful SEARCH.	Sep 24, 2014 9:23 PM
6	User friendly directory that lists faculty and staff by department as well as by last name.	Sep 24, 2014 5:37 PM
7	Streamline information.	Sep 24, 2014 4:52 PM
8	The District Site home page is organized by "About the District," "Board of Trustees," "HR," etc. But someone not already familiar with our structure would not know (for example) that BPs and APs would be in the "Board" section--I expected (at first) that this would be about the people on the Board. I had to BPs and APs by trial and error.	Sep 24, 2014 12:06 PM
9	Better organization.	Sep 24, 2014 11:55 AM
10	clarity, re-organization, simplification, attractiveness, vibrancy, current	Sep 24, 2014 11:02 AM
11	Updated and more sophisticated look, calendar view a month at a time or semester at a time to replace the current calendar that just lists events	Sep 24, 2014 9:56 AM
12	Canvas should be on the front page.	Sep 24, 2014 9:29 AM
13	see above	Sep 24, 2014 8:38 AM
14	Better groupings to find stuff....I only use the website to get to my mail and to get to canvas	Sep 24, 2014 8:33 AM
15	I would like for it to be easier to figure out how to contact department heads, secretaries, and individuals on campus. Other campuses have department pages that provide information on how to contact deans, department chairs, secretaries, and faculty (phone, email, office number, etc.). Also, it would be good to know who the full-time vs part-time faculty are in each program and what classes they teach. Pictures would be good too.	Sep 23, 2014 8:24 PM
16	Easy for students to find information about our Nursing Program. Most important student need to use a merit tool to apply to our program and read carefully the process for admission or they will not be accepted.	Sep 23, 2014 5:38 PM
17	Clearer organization, where each department/office on campus is listed, and maybe even has its own page. There should also be video tutorials for common questions like, "What services are available at the library?" "What is an ITV Course?" What is an online course, and what do I need to know about online courses?" and even video tutorials for faculty/staff, like "How do I enter SLOs on TracDat" or "How do I submit a course revision to Curriconet?"	Sep 23, 2014 4:42 PM
18	Ease of finding stuff. Actually the home page does a fairly good job of this.	Sep 23, 2014 4:38 PM

**Page 4, Q9. What is the single most important feature or improvement you would like to see in the website?**

19	Better organization	Sep 23, 2014 4:34 PM
20	Easy navigation for a student for information to our college.	Sep 23, 2014 4:33 PM
21	Ability to enter Internship information (job sites, etc)	Sep 23, 2014 3:12 PM
22	I think if it were pared down, it would be easier to keep current. I also feel like the website isn't geared towards prospective students. I think things needs to kept simple.	Sep 23, 2014 2:27 PM
23	Concentrate on our number one resource, our students, both new and continuing.	Sep 23, 2014 2:22 PM
24	Make it clean, easy to use. Make it like an Apple product! :-)	Sep 23, 2014 1:13 PM
25	Improve Campus Portal	Sep 23, 2014 11:33 AM
26	be student accessible, fast, easy to follow and understandable for all the community we serve.	Sep 23, 2014 11:24 AM
27	I really need a group email section for my classes. This would improve communication. I use an outside company's email system and it's only 50% effective.	Sep 23, 2014 9:51 AM
28	Who to contact for what.	Sep 23, 2014 9:47 AM
29	Updating the hours for student services and update all the information.	Sep 23, 2014 9:25 AM
30	A single, easy-to-access and easy-to-read calendar with ALL EVENTS shown at once, so I could see everything happening on any given day.	Sep 23, 2014 9:18 AM
31	You know, it isn't a website thing, but a universal campus calendar would be kind of nice.	Sep 23, 2014 9:08 AM
32	Make the website "student friendly".	Sep 23, 2014 9:03 AM
33	not so busy, make more user friendly	Sep 23, 2014 8:43 AM
34	End user control of information.	Sep 23, 2014 8:01 AM

36	Easier to search and navigate	Sep 22, 2014 11:23 PM
37	library page	Sep 22, 2014 10:33 PM
38	Faculty tools put back in Web advisor	Sep 22, 2014 7:19 PM
39	I want it to be INSPIRING -- right now it is flat and amateurish. I want students to look at it and feel like they see themselves. I'd like to see school pride on the website in a very visual way.	Sep 22, 2014 7:04 PM
40	To avoid the portal altogether	Sep 22, 2014 6:57 PM

**Page 4, Q9. What is the single most important feature or improvement you would like to see in the website?**

41	Complete and accurate info!	Sep 22, 2014 6:15 PM
42	Streamlined information. With tabs at the top and on the side, the the campus calendar on the right, the page is an explosion of text. It's hard to see what is the "important" information.	Sep 22, 2014 5:49 PM
43	Access to change our own area websites. IT staff is great, but sometimes too busy or unfamiliar with programs, so going through IT is not an efficient way to get timely info to students.	Sep 22, 2014 5:42 PM
44	Student centered and exciting. Informative from the second it loads.	Sep 18, 2014 6:07 PM
45	Photos that show who we are	Sep 18, 2014 5:48 PM

**Page 5, Q1. What improvement or feature would attract you to use our website more often?**

1	Allow faculty to manipulate certain pages and update them.	Oct 1, 2014 4:22 PM
2	I use it daily already.	Sep 29, 2014 4:36 PM
3	If it is easy to navigate	Sep 29, 2014 4:07 PM

7	Nothing.	Sep 24, 2014 4:54 PM
8	I don't think I would use it more. I use it to find specific things; it's not a destination.	Sep 24, 2014 12:09 PM
9	Attractive layout, less clutter, better UI (find things quicker)	Sep 24, 2014 11:24 AM
10	mobile friendly. Easy navigation. Most used pages easily accessible. Avoid multiple links to get to another (outside) source, such as iparq, Portal, and WebAdvisor.	Sep 24, 2014 11:16 AM

12	updates/news from our division/department.	Sep 24, 2014 9:33 AM
13	NA	Sep 24, 2014 8:35 AM
14	I wish everything was more integrated. Once inside the portal, you still have to provide your id and password to access canvas. Also, if you log into WebAdvisor from the homepage it is a completely different experience than when you go through the portal. The same is true of the library website. This can be confusing and frustrating.	Sep 23, 2014 8:32 PM

16	students	Sep 23, 2014 5:01 PM
17	I have to use it everyday. I just wish it were easier to find what I am looking for, especially where/who on campus to go/contact when I have a specific problem (.e.g, How do I reserve the Multipurpose room for events? Who can I talk to about catering?" What is the campus policy on using swear words? etc.)	Sep 23, 2014 4:45 PM

21	Ability to enter Internship Information to all students	Sep 23, 2014 3:14 PM

template like we have for the faculty webpages...)

44	Improved organization and less .pdfs. My work computer already runs really slow. It's hard at work to give students information when I have to download .pdf after .pdf of information just to answer a simple question. The class schedules/catalog would be improved a great deal by simply making them a html-based page(s) instead of a .pdf that I must download again and again (since I always delete it from my computer). 19	It's seasonal for me. September and March I would spend at least a few hours week looking and adding changes. We rely heavily on the web-site to be accurate so students understand exactly what they need to apply for the ADN program.	Sep 23, 2014 5:54 PM
20	4 hours per day	Sep 23, 2014 5:01 PM
21	I usually log on in the morning, and stay on all day, using it when the need arises (mostly I go on the portal, to communicate with my classes).	Sep 23, 2014 4:45 PM

16	Work on the Yuba college and Woodland College Website in an equal manner. Send this survey to teachers email, so they can show it to their classes. That's how I found out about it. Make it more user friendly and add tools for multiple subjects ! such as chemistry, a website that helps in converting, English websites or tools that help in plagiarism and citations. Give it design and information that can be personalized to students fittings. Not everyone cares about art, or maybe band or sports. Give the option to filter information in the feed on the main page. Maybe give some important deadline in big bold letters.	Sep 23, 2014 5:44 PM

27	Think about color schemes in design. People who want to print a page with background color will use more ink to print. Set more pages with print-friendly parameters - there are still many people who like to have a hard copy of information. Specifically rework the MyCampusPortal linked page for instructions on how to login to Portal. Example picture does not match the instructions.	Sep 23, 2014 10:01 AM
