Hello and welcome to my faculty page! My name is Aree (rhymes with "starry") and I teach in the English department courses: English 1A, 1A and 1X, and 1C. In my classroom, I emphasize activity-based learning and try to foster a sense of community where we learn with and from one another. If you like the idea of being able to move around the classroom to talk and exchange ideas, please consider taking one of my classes. Both my on-campus and online 1A classes are zero cost, which means there is no charge for the class.
