2021-2022 Request for Dependency Override Renewal

This form is for dependent students who do not meet the federal criteria for “independent” status as outlined on the 2021-2022 Free Application for Federal Student Aid (FAFSA) but who would like to have their unique circumstances reviewed in order to be considered an independent student for financial aid purposes.

If you were granted a dependency override for the 2020-2021 academic year and are still estranged from your parents due to extenuating or unusual circumstances (i.e. abuse, family alcoholism, drug abuse) you may apply for a renewal of your dependency status. You are required to submit a Request for Dependency Override Renewal. The Financial Aid Office needs to verify that there has been no change in your status since your dependency override was approved.

ATTENTION: The following circumstances are not considered viable reasons for independent status:

- You do not reside with your parents.
- Your parents refuse to pay for your college education.
- Your parents do not claim you on their tax return.
- Your parents are not financially able to pay for your college education.
- Your parents are not willing to complete the parent section of the FAFSA.
- You do not rely on your parents for support, financially or otherwise.
