

TRANSFER REQUIREMENTS FOR UC & CSU

Last Updated for 2021–2022. These are last year’s requirements and may change after publication.

Intersegmental General Education Transfer Curriculum (IGETC)

Completion of all the requirements in the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from a community college to a campus in either the California State University or the University of California system without the need, after transfer, to take additional lower-division, general education courses. All courses must be completed with grades of “C” or better. Advanced Placement (AP) examinations are appropriate for inclusion on the IGETC pattern.
