## 6. Additional Instructions and Data Definitions:

For the purposes of this report, unduplicated headcount is defined as the total number of students (credit and non-credit) enrolled at the end of the general enrollment period (also referred to as first census date). The academic year should include leading summer, fall, winter, and spring terms. If your institution calculates the academic year differently for the purposes of monitoring annual enrollment, you may respond using your local calculation and describe your method in Question 20.

7.	Total unduplicated headcount enrollment in degree applicable credit courses for last three years:	2018-19: <b>6,103</b> 2019-20: <b>6,375</b> 2020-21: <b>6,604</b>

# 7. Additional Instructions and Data Definitions:

Per federal regulations, ACCJC is responsible for monitoring for significant program growth (or decline) that may potentially impact an institution's ability to meet Accreditation Standards. ACCJC does not determine what constitutes a program for colleges. For the purposes of this report, you may define degree-applicable credit programs as appropriate for the context of your institution's unique mission.

8c.	Transition to distance education in response to Covid-19	restrictions and student demand.

#### 8. Additional Instructions and Data Definitions:

Distance education is defined as education that uses technology to deliver instruction to students who are separated from the instructor(s) and to support regular and substantive interaction between the students and the instructor, either synchronously or asynchronously. For the purposes of this report, include only those courses that are 100% online in your calculation of unduplicated headcount enrollment for distance education. Do not include hybrid courses or courses in which all the class hours are face to face, but some material is posted online.

**8a. IMPORTANT NOTE REGARDING DATA FROM SPRING 2020:** When calculating total DE enrollment for 2019-20, please include 100% online courses from summer 2019, fall 2019, and winter 2020. For Spring 2020, please include only courses that were originally scheduled as 100% online. Omit any courses that shifted to a distance modality due solely to the COVID-19 pandemic.

9. Do you offer Correspondence Education?

## 9. Additional Instructions and Data Definitions:

Correspondence education is defined as education in which (1) the institution provides instructional materials (and examinations on these materials), by mail or electronic transmission (including transmission via learning management system) to students who are separated from the instructor; and where (2) interaction between the instructor(s) and the student is limited, is not regular and substantive, and is primarily initiated by the student. Online courses or online portions of courses which primarily involve paperwork (e.g., reading textbook and other materials posted by the instructor, taking examinations, and submitting assignments) will fall within the definition of correspondence education rather than distance education. If the online portion of a class meets the definition of correspondence education, then even if the class also meets on site, it will be considered a correspondence education course for Title IV qualification purposes. Correspondence education is not considered distance education within the U.S. Department of Education definition (see question 8, above).

#	Question	Answer
10.	List the current Graduation Rate per the US Education Department College Scorecard	22 %

## 10. Additional Instructions and Data Definitions:

The US Education Department College Scorecard can be accessed at https://collegescorecard.ed.gov/. Enter your institutions name in the search box to find the current graduation rate. For the purposes of the College Scorecard, graduation rate is defined as the share of students who graduated within 8 years of entering this school for the first time.

11	1.	If your college relies on another source for reporting success metrics, please identify the source (select one).	Other: Core IV, UC/CSU Transfer Numbers, CCCCO Data Mart
12	2.	Please provide a link to the exact page on your institution's website that displays its most recent listing of student achievement data.	https://wcc.yccd.edu/about/p lanning-research-institutional- effectiveness/

#### 12. Additional Instructions and Data Definitions:

ACCJC will include a link to this page in your institution\'s entry in the ACCJC Directory of Accredited Institutions (https://accjc.org/find-an-institution). This reporting and monitoring requirement supports ACCJC\'s recognition by the Council of Higher Education Accreditation (CHEA) and is aligned with ACCJC\'s Accreditation Standard I.C.3 and Eligibility Requirement 19.

#### **Institution Set Standards for Student Achievement**

#	Question	Answer

#### Licensure Examination Pass Rates

Examination pass rates for programs in which students are required to pass a licensure or other similar examination in order to work in their field of study:

	Emergency Medical Technician	State	80 %	90 %	92 %	85 %	78 %
18.	Program	Exam (National, State, Other)	Institution set standard (%) (Floor)	Stretch (Aspirational) Goal (%)	2018-19 Pass Rate (%)	2019-20 Pass Rate (%)	2020-21 Pass Rate (%)

## 18. Additional Instructions and Data Definitions:

Report only those programs for which a license or other similar examination is required before students can qualify for employment in their chosen field of study, and where there were at least 10 students who completed the program in the designated year.

## **Employment rates for Career and Technical Education students**

Job placement rates for students completing certificate programs and CTE (career-technical education) degrees for last three years available data:

10	Program	Institution set standard (%)(Floor)	Stretch (Aspirational) Goal (%)	2018-19 Job Placement Rate (%)	2019-20 Job Placement Rate (%)	2020-21 Job Placement Rate (%)
19.	Administration of Justice	80 %	90 %	50 %	<b>75</b> %	n/a %
	<b>Business Administration</b>	80 %	90 %	38 %	37.5 %	n/a %
	Early Childhood Education	80 %	90 %	100 %	100 %	n/a %
	Law Enforcement	80 %	90 %	100 %	100 %	n/a %

# 19. Additional Instructions and Data Definitions:

For the purposes of the Annual Report, Job Placement Rate is defined as the percentage of students who are employed in the year following completion of a CTE (career-technical education) certificate or degree program. (This means that the denominator for the 2020-21 job placement rate will be the number of students who completed the program in 2019-20.)

Report only those programs with a minimum of 10 students in the completion year. For example, if a program had 9 students complete in 2019-20, you do not need to report a job placement rate for 2020-21. Report only those programs for which reliable data are available. If your institution has defined its job placement rate differently than what is described above, you may complete this question using your local definition provided that you describe this definition in Ouestion 20.

#### Other Information

Please use this text box to provide any comments regarding the data submitted in this report (optional, no limit).

The data for the college's Career Education programs (excluding EMT) is based on the Career Technical Education Outcomes Survey (CTEOS). Unfortunately, the response rate is very low-historically fewer than 30 respondents across our program portfolio.

Only programs that had 5 or more respondents, and had respondents in the past were included in the report to compute a meaningful average to compare historically. The college is working to improve the response rate to the survey (CTEOS) for future reports.

At the time of preparing this report, the CTEOS data from 20-21 is not available. It has not been released and the data portal has been down for maintenance from the state chancellor's office. There are also concerns that the pandemic may have further depressed response rates, as well as potentially skew the data that is reported.
